

NOVEMBER 2023

Monday Volunteers Encouraged

Every Monday, we have a team of volunteers who weigh in, label, sort and store all the items that are donated. They have been working hard all year and have shared how encouraged they feel this month upon seeing the large volume of items coming in. They expressed joy in knowing that the kindness and generosity of local people has helped us to have all that we need to continue to provide food parcels to those in need during the challenging winter period.

Christmas Hampers

We are so thankful for everyone who has already donated to us items that we have requested for our Christmas Hampers. Throughout the month of November we would be so grateful to receive the following items. Please note that the items shown are for example only and that we gladly accept all brands.

Harvest Donations

Larne Foodbank would like to say a massive 'thank you' to everyone who has donated to us in October, with an extra special thank you to the churches and schools who have donated non-perishable food products as part of their Harvest Celebrations. In the month of October an amazing 3.2 tonnes of food items were donated. Below you can see a snapshot of some Harvest donations coming into Larne Foodbank.

First Aid Training at Larne Foodbank

A massive well done to the staff and volunteers at Larne Foodbank who have worked hard to become First Aiders for Larne Foodbank. They attended a full day training course, led by Janice from Bisp Training Ltd. to earn their Emergency First Aid At Work Certificate. Thank you to Janice for leading a fantastic and engaging course
